

Dated. Aug.12.2022

CERTIFICATE OF SUCCESSFUL COMPLETION

TO WHOMSOEVER IT MAY CONCERN

PROJECT NAME: Bushehr Refinery CDU

CLIENT: Energy Shab-He Ghare Passargad Company Ltd

LOCATION: Bushehr, Iran

DURATION: January 2022 to July 2022

This is to certify that Oiltech Engineering India Private, 2nd Floor, HTC Tower, 41, GST Road, Guindy, Chennai-600032, Tamil Nadu, India has successfully executed the replacement of the 100 MMkcal/hr capacity furnace of CDU.

The scope includes feasibility studies, engineering design, decommissioning & purging, dismantling, liaison with local fabrication workshops, project site management, tie-in, commissioning and handover.

Safely isolate, steam-purge, and completely dismantle the existing furnace structures, process coils, stack, and outdated refractory materials. Install, align, and weld the new 100 MMkcal/hr heater modules, process piping, heavy-duty draft fans, and high-efficiency burners. Refractory line the furnace, integrate all electrical and DCS instrumentation, perform 100% NDT and complete a controlled refractory dry-out before final light-off.

The work has been executed in accordance with the approved drawings, technical specifications, quality requirements, safety standards, and contractual obligations.

This also to put on record that the furnace instalment was done satisfactorily and on-time.
